This complimentary dashboard placard has been distributed as a project of Assemblywoman Joan L. Millman and the Boerum Hill Association (BHA). The placard is intended for use during alternate side parking periods to balance the competing problems of street sanitation and the shortage of available parking places.

Neither Assemblywoman Millman nor the BHA condones double parking, which is illegal. *Please understand that the user of this card assumes full responsibility for any penalties incurred whatsoever for double parking or any other traffic violation.*
